

# Binder Pro

## Detoxification Support for Healthy Gut Barrier Function\*

The combination of ingredients found in NutriDyn's Binder Pro offers a multifaceted approach to gastrointestinal health by promoting healthy detoxification, reducing the absorption of unwanted compounds and supporting the gut's healthy immune response and microbial balance.\*

### How Binder Pro Works

NutriDyn's latest gut health formula harnesses the power of clinoptilolite zeolite, activated charcoal, and chlorella to foster a healthy intestinal barrier and a balanced immune response.\*

Clinoptilolite zeolite (as G-PUR®) is a type of natural zeolite that has been studied for its ability to bind to heavy metals, toxins, and certain metabolites, thereby supporting their safe excretion from the gastrointestinal tract before they can be absorbed.\*<sup>1,2,3</sup> Some studies suggest that clinoptilolite zeolite may help promote healthy intestinal barrier function and support healthy immune responses in the gut.\*<sup>4,5</sup>

Activated charcoal (from bamboo) is a carbon that can bind to a variety of compounds and may help remove potential toxins from the gastrointestinal tract before they can be absorbed.\*<sup>6,7,8</sup> Studies show it can help support absorption of gas-producing byproducts, helping to reduce gastrointestinal discomfort.\*<sup>9,10,11</sup>

Chlorella algae (as *Chlorella vulgaris*) is known to possess chelating properties, especially against heavy metals like mercury, cadmium, and lead. Chlorella can bind to these heavy metals, forming a stable complex, which can then be safely excreted out of the body.\*<sup>12,13,14</sup> Additionally, chlorella contains compounds known as beta-glucans, which help promote healthy immune responses and gut microbial balance.\*<sup>15,16,17</sup>

### Binder Pro Supplementation

Binder Pro is expertly formulated to support healthy detoxification and promote a healthy and balanced gastrointestinal environment.\* By harnessing the synergy of clinoptilolite zeolite, activated charcoal, and chlorella, Binder Pro can help fortify a healthy gut.\* Supplementation with Binder Pro may also include these additional benefits:

- Supports healthy detoxification\*
- Promotes healthy gut barrier function\*
- Supports digestive health\*
- Promotes a balanced gut microbiota\*
- Supports healthy immune function\*

Form: 60 Capsules

Serving Size: 2 Capsules

Ingredients	Amount	%DV
Clinoptilolite Zeolite (G-PUR®)	500 mg	*
Activated Charcoal (from Bamboo)	300 mg	*
Chlorella Algae ( <i>Chlorella vulgaris</i> )	300 mg	*

#### Other Ingredients:

Hypromellose, vegetable magnesium stearate, silica.

#### Directions:

Take two capsules daily or as directed by your healthcare practitioner.

**Caution:** If you are pregnant, nursing, or taking medication, consult your healthcare practitioner before use. Keep out of reach of children.

GLUTEN-FREE

DAIRY-FREE

VEGETARIAN

NON-GMO

PRODUCED IN A  
cGMP FACILITY
