

# Injury & Surgical Support Formula

Nutritional Support for Healthy Tissue Maintenance\*

NutriDyn's Injury & Surgical Support Formula is newly updated with additional vitamins, minerals, and amino acids to support healthy tissues, joints, and bones at a cellular level.\*

As we age, the body gradually becomes less efficient at supporting tissue health. Joints typically exhibit more rapid degeneration than other tissues, since they are subject to large amounts of mechanical stress through daily physical activity.

This can leave active individuals susceptible to a variety of common joint conditions, including osteoarthritis, bursitis, and synovitis. As such, supplementing with Injury & Surgical Support Formula can promote cellular health and support healthy load-bearing articulations.\*

## How Injury & Surgical Support Works

Research suggests that supplemental glucosamine and methylsulfonylmethane (MSM) can benefit cartilage integrity, promote a healthy inflammatory response, and fight oxidative stress in joints.\*<sup>1,2</sup> Injury & Surgical Support Formula also contains the enzyme trypsin to support the development of healthy tissue.\*<sup>3</sup>

The updated Injury & Surgical Support Formula has additional crucial micronutrients to support cellular health and total joint health.\*<sup>4,5</sup>

Vitamin A and vitamin D were added to the formula for their role in supporting cellular and bone health.\*<sup>6</sup> The individual dosages of vitamin E, calcium, and zinc were all increased for their ability to promote cellular health.\*<sup>7,8,9</sup> The addition of a citrus bioflavonoid complex promotes better absorption of the vitamins and supports healthy tissues.\*<sup>10</sup> Highly absorbable magnesium malate replaced magnesium oxide to promote cellular health.\*<sup>11</sup> Branched-chain amino acids (BCAAs) were added to the formula for their role in supporting joint health through muscle repair, reducing delayed onset soreness, and helping prevent tissue breakdown as a result of exercise.\*<sup>12</sup>

## Injury & Surgical Support Supplementation

Injury & Surgical Support Formula contains a comprehensive panel of research-supported ingredients that assist with whole body health.\* The primary benefits and quality differences of Injury & Surgical Support Formula include:

- Contains key micronutrients that support cellular health\*
- Supports total joint health\*
- Helps regulate healthy synovial fluid concentrations in articulations\*
- Supports healthy cartilage, tendons, and ligaments\*
- Highly bioavailable ingredients\*

Form: 180 Tablets

Serving Size: 6 Tablets

Ingredients	Amount	%DV
Vitamin A (as beta-carotene)	300 mcg RAE	33%
Vitamin C (as ascorbic acid)	1,500 mg	1,667%
Vitamin D (as cholecalciferol)	50 mcg (2,000 IU)	250%
Vitamin E (as d-alpha tocopherol succinate)	166 mg	1,107%
Thiamin (as thiamine HCl)	10 mg	833%
Riboflavin	10 mg	769%
Niacin (as niacinamide)	75 mg NE	469%
Vitamin B6 (as pyridoxine HCl)	50 mg	2,941%
Folate (as calcium L-5-methyltetrahydrofolate) (BioFolate®)	166 mcg DFE	42%
Vitamin B12 (as methylcobalamin)	100 mcg	4,167%
Pantothenic Acid (as d-calcium pantothenate)	50 mg	1,000%
Calcium (as calcium citrate)	175 mg	13%
Magnesium (as magnesium malate)	200 mg	48%
Zinc (as zinc picolinate)	20 mg	182%
Copper (as copper chelate)	2 mg	222%
Manganese (as manganese sulfate)	32 mg	1,391%
Trypsin	1 g	**
Branched-Chain Amino Acids (2:1:1 L-leucine, L-isoleucine, L-valine)	1 g	**
Citrus Bioflavonoid Complex (pericarp; Citrus spp.) (25% bioflavonoids)	500 mg	**
Methylsulfonylmethane (MSM)	500 mg	**
Glucosamine HCl	500 mg	**

### Other Ingredients:

Dicalcium phosphate, microcrystalline cellulose, vegetable stearic acid, hypromellose, croscarmellose sodium, vegetable magnesium stearate, silicon dioxide, Opadry® Nutrapure™ certified organic coating.

**Contains: Crustacean shellfish (crab and shrimp).**

BioFolate® is a federally registered trademark of MTC Industries, Inc.

### Directions:

Take six tablets daily, in two divided doses, as a dietary supplement, or as directed by your healthcare practitioner.

**Caution: If pregnant, nursing, or taking medication, consult your healthcare practitioner before use. Do not use if you have an allergy to shellfish. Keep out of reach of children.**

GLUTEN-FREE

DAIRY-FREE

NON-GMO

PRODUCED IN A cGMP FACILITY
